Stadia Controller

Get started

1. Set up your Google Chromecast Ultra

1

Plug into power and TV

1. Plug the power cable into your Google Chromecast Ultra
2. Plug your Google Chromecast Ultra into the TV's HDMI port
3. Plug the power adaptor into a socket

   Optional: Plug an Ethernet cable into the power adaptor (this can be more reliable than Wi-Fi® for some users)

2

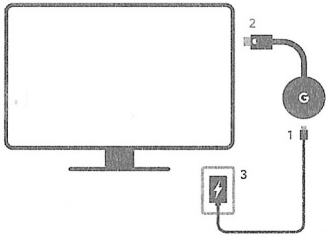
Switch TV input

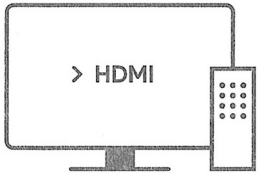
Switch your TV's input/source to the HDMI port your Google Chromecast Ultra is plugged into

3

Get the Google Home app

- Download the **Google Home app** from the Google Play Store or the Apple App Store®
- Follow the steps to set up your Google Chromecast Ultra





2. Set up your Stadia Controller

1

Get the Stadia app

- Download the **Stadia app** from the Google Play Store or the Apple App Store
- Sign up for Stadia or sign in

2

Turn on the controller

Hold the button until the controller vibrates

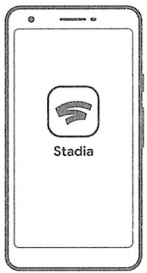
3

Set it up with Wi-Fi

Follow the steps in the Stadia app to connect your controller to Wi-Fi

Link your controller and TV to start playing

Use the code shown on your TV to link your controller wirelessly with that screen



How the Stadia Controller works

Ⓐ

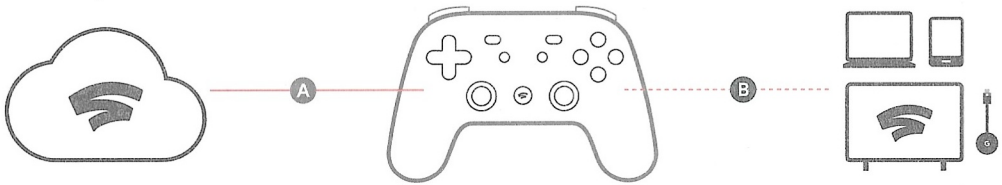
Wi-Fi connects the controller to Stadia

Your controller uses Wi-Fi to communicate with Stadia in the cloud. Look for the controller icon at the top of the Stadia app to set up Wi-Fi on your controller.

Ⓑ

You pick where to play

Link your controller wirelessly with a TV or other screen by entering the code shown there. See **g.co/stadia/screens** to see which screens are supported.



Using your controller

1. **On, off and menu**

   On: Hold until it vibrates

   Off: Hold until it vibrates, or let your controller turn itself off after you stop using it

   Menu: Press to open the Stadia menu

2. **Status lights**

   Blinking orange: Needs Wi-Fi
   Blinking white: Ready to link with a screen
   Solid white: Linked with a screen
   Solid orange: Charging
   Blinking white and orange: Updating or restarting

3. **Capture screenshots and clips**

   Press to save images or hold to save video

4. **Google Assistant**

5. **USB-C™ port**

   Battery charges in as little as 3 hours.
   Tip: Get the best battery life by unplugging your controller after it's finished charging

6. **Headset jack**

7. **Microphone**

   The built-in mic is off until you either press the Assistant button or turn it on from within a game or the Stadia platform. For details, see **g.co/stadia/mic**
